## OBJECTIVE:

Aspiring to secure a Software Developer position where I can leverage my extensive skills in multi-platform application development, including mobile and enterprise software solutions. I am committed to delivering innovative, high-quality applications. My strong background in Agile methodologies, database management, and a wide array of development tools positions me to contribute effectively to a dynamic team. Passionate about learning and adapting to new technologies, I aim to enhance user experiences and drive technological advancements while upholding values of trust, teamwork, integrity, and accountability.

## HIGHLIGHTS OF QUALIFICATIONS:

- Skilled in developing and coding multi-platform applications.
- Proficient in Java, Kotlin, Swift, and JavaScript.
- Experienced with React, React-Native, NodeJS, and Flask libraries and frameworks.
- Knowledgeable in SQL Server, PostgreSQL, and MongoDB.
- Familiar with Agile methodologies
- Strong attention to detail with effective testing and debugging skills.
- Excellent communication skills for clear stakeholder interaction and requirement gathering.

## TECHNICAL SKILLS:

- Programming Languages: C, C++, C#, Python, SQL, HTML, CSS.
- Web Development: J2EE Web/Business Components, ASP .Net MVC, Express JS, Vite, Bootstrap, SASS, jQuery, Restful APIs, React
- Databases: MySQL, Firestore Database, MongoDB, PostgreSQL.
- Frameworks and Libraries: Spring Framework (Java), Odoo, React Native, Expo
- Development Tools: Visual Studio, Visual Studio Code, Eclipse, IntelliJ IDEA, Android Studio, Xcode
- Version Control: Git (GitHub)
- Project Management and Agile: Familiarity with project management methodologies and Agile development process
- Other Tools and Platforms: Microsoft Office Suite (Word, Excel, PowerPoint)
- Operating Systems: Windows, Linux (MintOs), macOS
- Cloud services: Google Firebase.

## EDUCATION:

**Mobile Application Development and Strategy, Post Graduate Diploma** **Jan,2024-Dec,2024**  
**George Brown College, Toronto, ON, CA (GPA: 4.00) (with Honours)**

- Developed and optimized Android and iOS applications using Kotlin and Swift.
- Developed and optimized multiplatform applications using React Native and Expo Framework.
- Created full-stack web applications using NodeJS, Express JS, MongoDB, HTML, CSS, Bootstrap.
- Implemented security best practices and advanced UI/UX design principles in mobile app projects.
- Created multiple projects such as Jazz Festival Tickets Website Project using HTML, CSS, JavaScript; Landlord and Renter's App using Kotlin, Android Studio; Parking App and Nature Walk App using iOS, Xcode; Owner and Renter's App using React Native and Expo.

**Enterprise Software Development, Post Graduate Diploma** Jan,2023-Aug,2023  
**Humber College, Toronto, ON, CA (GPA : 4.00) (with Honours)**

**Computer Engineering, Bachelor of Engineering** Aug, 2016-Aug 2020  
**LDRP-ITR, Gandhinagar, GUJARAT, IN (GPA : 3.30)**

**PROFESSIONAL EXPERIENCE:**

**Fresh Associate** Oct,2023 to Present  
**WALMART CANADA, Toronto, ON**

- Safely stocked coolers and freezers, ensuring customer accessibility and optimal presentation.
- Proactively managed inventory to minimize waste and maintain product freshness.
- Maintained store aesthetics through merchandise zoning and upheld safety protocols.
- Provided exceptional customer service and assisted with inquiries and merchandise location.
- Trained new associates and led team initiatives, demonstrating leadership qualities.
- Recognized for exceeding performance expectations and receiving positive feedback.

**Web Developer** Jan,2021 to Dec, 2021  
**Browseinfo Ahmedabad, Gujarat, IN**

- Developed new modules in Odoo ERP and CRM, meeting industry standards.
- Resolved design-related issues in new and existing modules.
- Successfully migrated modules to Odoo versions 13, 14, and 15.
- Created custom e-commerce themes for Odoo versions 14 and 15.
- Addressed module-related issues promptly and efficiently.
- Recognized for meeting deadlines and improving system performance.

**PROJECTS:**

**RESUME MANAGEMENT, Capstone (Humber College)** Aug,2023  
**Cabot Technology Solutions, Toronto, ON**

- Developed a web application for internal use to manage employee resumes.
- Front-end Development: Utilized ReactJS, Bootstrap, Redux, and Hooks for a responsive user interface.
- Database Management: Designed and implemented the PostgreSQL database.
- Employed libraries: CORS, Express, Pool, pg, body-parser, PDFKit.
- Enabled employees to submit resumes and convert them to the company's preferred format.
- Created a secure HR portal for managing resumes (view, download, delete).
- Incorporated a search feature for easy employee detail lookup.
- Coordinated with a team member who developed the back-end using Node.js.
- Adapted to changing requirements and followed Agile development methodology.
- Ensured consistent styling using a common file and Bootstrap classes.
